Northwest Ohio intermodal service delivers attractive logistics solutions for international and domestic freight

## LOGISTICS PARK OHIO

Your warehousing and logistics solution

Adjacent to the CSX Northwest Ohio intermodal terminal, featuring coast-to-coast intermodal rail service and soon to be designated as an inland port.

CTPAT Compliant Heavy-Haul Corridor connects the CSX terminal directly to the warehouses, streamlining the customs process for faster offloading and quicker distribution.

Improve supply chain performance and efficiencies through reduced drayage and demurrage costs, as well as Foreign Trade Zone savings.
