SMART PORTS

(INFORMATION TECHNOLOGY)

Title: Calculating and Communicating the ROI on Digital Solutions

Presented By: Misty Stine, eX² Technology LLC

About eX² Technology

SMART PORTS (Information Technology) • FEBRUARY 5-6, 2020

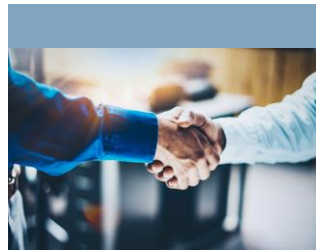

INDUSTRY LEADERS

- ✓ 20+ YEAR HISTORY WORKING TOGETHER
- ✓ SOLID, LONG-TERM INDUSTRY RELATIONSHIPS
- ✓ SMART CITY, CRITICAL INFRASTRUCTURE, INTELLIGENT TRANSPORTATION, PRIVATE NETWORKS

KNOWLEDGE & EXPERIENCE

- ✓ DESIGN
- ✓ BUILD
- ✓ MAINTENANCE
- ✓ COMMERCIALIZATION
- ✓ PORT SECURITY

ESTABLISHED TRUST

- ✓ CLIENT ENDORSEMENTS
- ✓ PROJECT TESTIMONIALS
- ✓ PROVEN RESULTS

300+ years of combined industry experience

2M+ Fiber miles designed, installed & maintained

Cumulative conduit & dark fiber sales

\$340M+

\$55M+

in Smart Technology projects delivered

Network Infrastructure Approach

SMART PORTS (Information Technology) • FEBRUARY 5-6, 2020

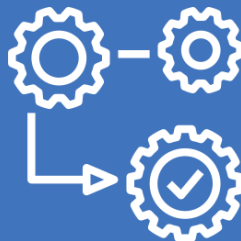

Fiber Network Design & Installation

5G & Small Cell Deployments

Port Security Systems & Integration

Smart Port Technologies Implementation

15

Smart port technology deployments

Security systems installed & integrated

1000s

Value of port security & network infrastructure programs delivered

\$100M+

Ports served across

8

U.S. states

Smart Truck Parking Solution

Off-the-shelf, hardware-agnostic product

Installer & operator of four TPMS (IA, MI, CO, WI)

Developed protocol adapted for numbering truck stops & rest areas

Web, iOS, Android connectivity to site

1 U.S. TEAM

TPMS DEPLOYED ACROSS

4

U.S. STATES

60+ truck parking sites

Real-time TPMS information accessed by 35 MILLION truckers

Currently monitored truck parking spaces

2,100

VALUE OF TPMS WORK DELIVERED

~\$14.8M
