

AAPA Webinar on Port Security Grants

Port Security Grants and Impact of New Policies on Ports

Thursday, February 23, 2017

John Young

Director of Freight and Surface Transportation Policy

American Association of Port Authorities

jyoung@aapa-ports.org

Today's Presenters

- **John Young, AAPA, Director of Freight & Surface Transportation Policy**
- **Duane Davis, FEMA, Section Chief, Port Security Grant Program, Preparedness Grants Division**
- **LCDR Jud Coleman, USCG, Domestic Port Security Assessments (PSA-2)**
- **April Danos, Port Fourchon, Director of Information Technology**

The Year Ahead

- FY 17 Budget Conclusion and Timeline for Port Security Grants
- Sanctuary Cities
- Increased Emphasis on Cyber Security
- Continued CBP Staffing Need at Ports
- Potential Reauthorization of PSGP (House and Senate)

Port Security Grant Program

- On average, Congress has been funding the PSGP at \$100 million per year; and
- In FY 16 – AAPA members received over \$27 million in grant funding.

AAPA Cybersecurity Survey

- AAPA conducted a cyber security survey of corporate members. Preliminary results showed that:
 - 52% of our ports have done a cybersecurity assessment within the last three years; and
 - 67% of our ports' Area Maritime Security Committees have formed a cyber security working group.
- AAPA will be doing a follow up cybersecurity survey this Spring.
