

# WESTERN HEMISPHERE Ports Day APRIL 5, 2018

## PORTS: UNITED FOR THE FUTURE

### **AAPA ANNOUNCES THE THIRD ANNUAL WESTERN HEMISPHERE PORTS DAY**

Ports Day is a unique opportunity for the Western Hemispheric port industry to highlight and celebrate the value of ports.

- Ports contribute trillions of dollars to the global economy and move millions of tons of cargo for manufacturers, workers, farmers and consumers worldwide.
- Ports are vital job creators in the regions they serve, and will support a strong workforce as shipping volumes increase worldwide.
- In communities across the globe, ports are integral partners on issues including transportation, economic development, environmental stewardship, job training and education.

AAPA urges all ports to be active participants on Ports Day and show their value to their local communities and the world.
