

# Savannah Harbor DMMP Presentation for AAPA

GaDOT Office of Intermodal
Programs

January 17, 2008

## Savannah Local Sponsor

- DOT became sponsor December 8, 1999
- DOT funded sponsor work since 1972 (\$148,577,398); average \$4.2 mil/yr
- Provide lands, easements, rights-of-way
- Provide upland diked disposal areas
- Holds Corps harmless except for negligence due to Corps or their contractors
- Partner with the Corps
- DOT & Corps sign Project Cooperation Agreement on January 14, 2005 (Implements WRDA96)

## Savannah Disposal Areas

- 9 upland diked, 1 undiked, 1 offshore area
- 42 Miles dikes
- Dike height varies 16-52 ft mlw
- 6394 diked acres in SC; 466 diked acres in Ga.
- Currently, DOT pays 35% of dike projects using State GO Bonds

## **Maintenance Dredging**

- Corps dredges 1 Mil CY/yr- Bar Channel
- 7 Mil CY/yr-inner channel=football field
   0.7 mile high
- Slurry has 8 billion gal water=Savannah annual drinking water demands
- Corps spends \$15 Mil/yr dredging

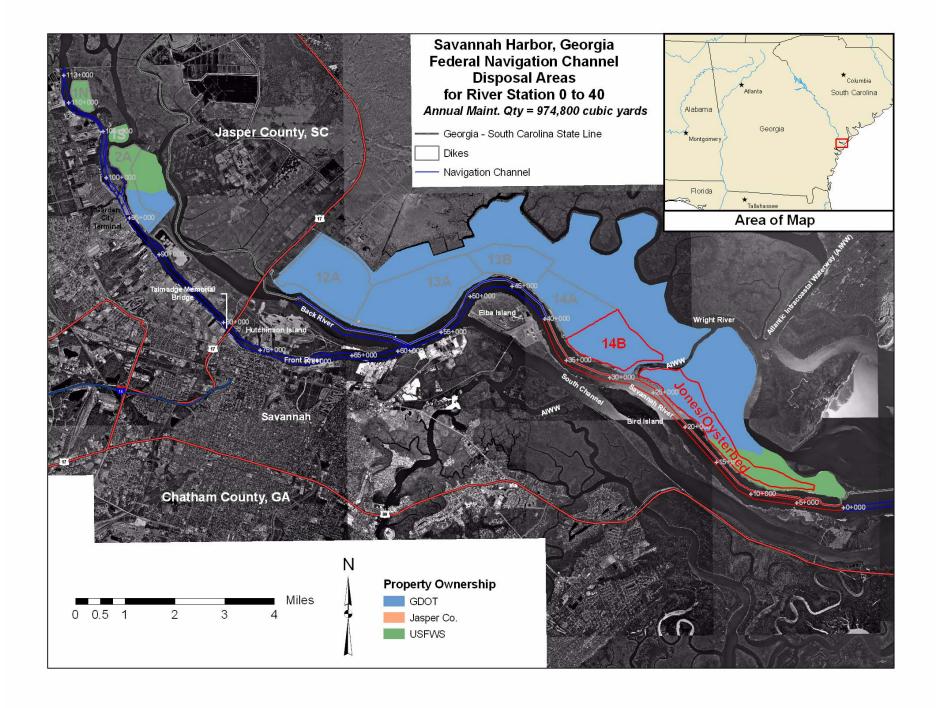

## Area 12B Receiving Dredged Material

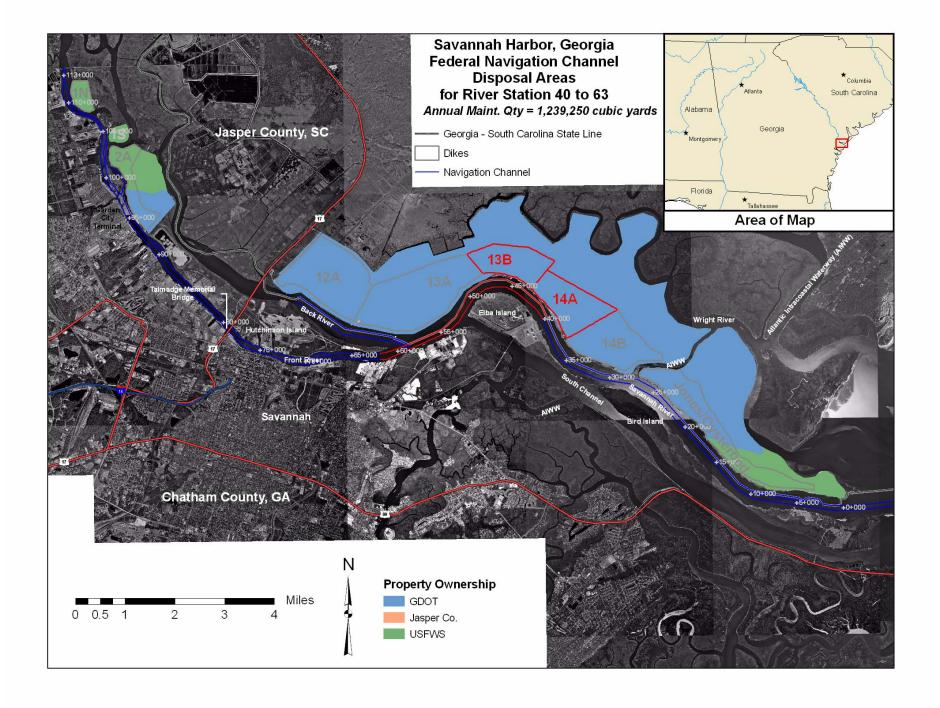

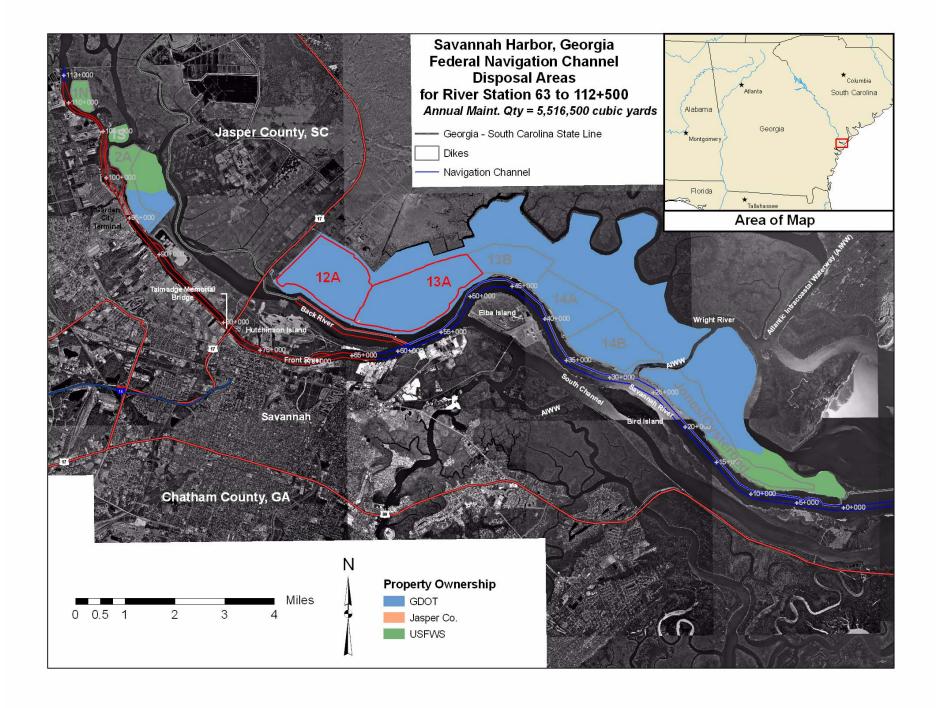

### 6-8 Months After Area Drained

### **Property Ownership**

## WHY GaDOT OWNS PROPERTY IN JASPER COUNTY, S.C.

- Ownership of borrow material
- Corps requirement of Real Estate
- Requirement for environmental mitigation plan
- Settle lawsuits with previous owners
- Cost of fee title almost same as easement
- Safety
- Security
- Vandalism prevention

## Jasper Terminal Issues

- Disposal area replacement
- Environmental mitigation plan impacts
- Added dredging costs
- Footprint alternatives

### **DMMP** Issues

- Lack of federal funding
- New Jasper Terminal
