TWIC Outreach & Communications Team

Each player has its own unique role in ensuring the clarity of the compliance and enrollment process.

Together, the Outreach and Communications Team will act as the sole source for accurate and consistent information regarding the implementation of compliance for the TWIC Program.

Important Notes on Compliance

The Importance of TWIC Compliance

It's the Law

- TWIC implements the Maritime Transportation Security Act of 2002 and the Security and Accountability for Every Port Act of 2006.
- Violations of any provision of this rule may be subject to civil, criminal or administrative actions as are authorized under federal law.
- All MTSA-regulated facilities and vessels are subject to the TWIC program.
- If you require unescorted access to one of these facilities or vessels, you need a TWIC.
- All mariners who hold valid Coast Guard issued licenses, Merchant Mariner Documents (MMDs), Certificates of Registry (COR), and or Standards of Training, Certification, and Watch keeping (STCW) endorsements must obtain a TWIC

Port Security

- TWIC adds an additional layer of security that continues existing security provisions.
- It is in all stakeholders' and the nation's interest to keep in compliance with TWIC to ensure the safety of our nation's ports.

Economic Incentives

- Noncompliance slows the overall flow of commerce.
- If you require unescorted access but do not have a TWIC you may not be granted access.
- Failure to hold a TWIC by the compliance date may prevent you from carrying out your work duties.

Financial Consequences

- Failure to fully implement the TWIC provisions may result in civil penalties found in MTSA.

Who Needs To Be In Compliance – Port Facilities

- Compliance will be phased in by Captain of the Port (COTP) Zone beginning Oct. 15, 2008.
- Effective on the compliance date for each COTP Zone, anyone requiring unescorted access to the secure areas of MTSA regulated facilities must be in possession of a TWIC.
 - Merchant Mariners requiring unescorted access to these facilities do not need a TWIC until April 15, 2009.
- The following facility populations who require unescorted access and meet the TWIC eligibility requirements must be in compliance by the announced date for the zone:
 - Longshoremen
 - Facility employees who work in a secure area
 - Drayage truckers
 - Truckers bringing/picking up cargo at a facility
 - Surveyors
 - Agents
 - Chandlers
 - Port chaplains
 - Vendors and contractors
 - Other maritime professionals

Who Needs To Be In Compliance

– Mariners, Vessels, and OCS Facilities

- All licensed mariners are required to have a TWIC no later than April 15, 2009.
 - Before April 15, 2009, mariners are eligible for unescorted access through facilities where TWICs are required. However, they must present one of the following forms of identification in lieu of a TWIC:
 - 1) A valid Merchant Mariner Document (MMD); or
 - 2) A valid Merchant Mariner License (MML) and a valid photo identification; or
 - 3) A valid Certificate of Registry (COR) and a valid photo identification.
 - Mariners are reminded to begin the enrollment process early in order to ensure compliance with their deadline.
- The compliance date for all vessels and Outer Continental Shelf (OCS) facilities is April 15, 2009.
 - However, owners and operators who operate in only one COTP zone are encouraged to use TWIC as an access control measure as their COTP zone does.
 - For example, vessel only operates out of the Port of Baltimore; therefore, the vessel chooses to comply with the COTP Zone Baltimore compliance date.

Implementation of Compliance

It is the responsibility of the facility operator to implement the TWIC program by the date of compliance.

- It is the duty of the facility operators/owners/employers to notify those who require a TWIC at least 60 days prior to compliance.
- TWIC Inspection
 - A worker must present a TWIC for inspection if that person wants unescorted access to a secure area. The worker must also have the owner/operator's authorization to be in the area.
- On request, a TWIC holder may be asked to show the TWIC to:
 - An authorized TSA, USCG, DHS, or NTSB representative
 - A federal, state, or local law enforcement officer
 - Authorized security staff
- What it means to “inspect”:
 - Match the TWIC photo to the person who presents it
 - Verify the TWIC expiration date has not passed
 - Check for signs that someone tampered with the TWIC
 - Check to make sure the TWIC is authentic
- Possession of an unexpired TWIC constitutes compliance.
 - Enrollment alone in the TWIC program does not satisfy the requirement.
 - Workers need to enroll as soon as possible to ensure possession of a TWIC prior to the compliance date for their zone.

Implementation of Compliance

- If an individual presents a TWIC that an owner/operator believes is fraudulent, the owner/operator should:
 - Deny the individual unescorted access to secure areas
 - Check another ID
 - Call the COTP and inform them that you suspect a suspicious TWIC
- A worker may claim he or she cannot present a TWIC because it has been lost, damaged, or stolen:
 - Do you or your security staff know that the worker had a valid TWIC?
 - Did you give that worker authorization for unescorted access before?
 - Have they reported the TWIC lost, damaged, or stolen to TSA?
 - If you answer “yes” to all three questions, you may let that person have unescorted access to a secure area for 7 days from the day when the individual reported the TWIC lost, damaged, or stolen to TSA *only if* they produce a receipt indicating they have enrolled for a replacement TWIC.

USCG Enforcement of Compliance

USCG will check for TWIC compliance with security spot checks and during annual compliance exams.

- Ensuring MTSA-regulated facilities and vessels have implemented the TWIC provision:
 - Security officials' knowledge of the program
 - Facility and vessel owners and operators checking for TWICs
- Conducting individual spot checks:
 - Identity Verification: Biometric match or photo comparison.
 - TWIC Validity: Electronic comparison against hot list or check of printed expiration date.
 - TWIC Authenticity: Electronic check of digital certificate or physical observation of security features.

Key Compliance Messages

What You Should Do **Now** for Compliance

- Port workers: Get your TWIC!
 - Pre-enroll online.
 - Enroll at an enrollment center.
 - Pick up your TWIC at the enrollment center at which you enrolled.
- Employers: Ensure the continuation of port business.
 - Check to see if employees have their TWICs.
 - Distribute communications materials to all those who need a TWIC.
 - For example, posting flyers at the entrances to facilities.
 - Go to www.twicinformation.com to download printable flyers for each port
- Port Facility and Vessel Owners and Operators: Ensure the safety of your facility/vessel and be in compliance with TWIC:
 - Spread information throughout the community regarding the compliance date for your facility and who needs a TWIC.
 - Clarify to workers what the secure and restricted areas are of the facility/vessel and your escorting provisions.
 - Specify consequences for those attempting to gain unescorted access to your facility/vessel without a TWIC once compliance begins.

TWIC™ Myth Busters:

Myth	Fact
<p>Compliance was extended until April 15th, 2009. Therefore, I can wait until then to get my TWIC.</p>	<ul style="list-style-type: none"> - Compliance will be phased in by COTP Zone beginning OCTOBER 15, 2008. To see when compliance will be implemented in your COTP zone visit tsa.gov/twic. - Compliance for mariners, vessels, and OCS facilities is April 15, 2009.
<p>I can wait until the month before my compliance date to enroll for a TWIC.</p>	<ul style="list-style-type: none"> - Currently the average turnaround time is 3-4 weeks. Complications involving the background check, fingerprint matching, etc could extend the process. - As more and more ports near compliance, turnaround times could increase to deal with the increase in activity. - Appointments will be harder to schedule and wait times at the enrollment centers may increase as your port nears compliance. - If you require the waiver/appeal process, you need to enroll AT LEAST 60 days prior to compliance .
<p>I have a disqualifying criminal offense. Therefore, I cannot enroll for a TWIC.</p>	<ul style="list-style-type: none"> - Unless you committed one of the first four permanent disqualifying offenses listed (see slide 25), you can still apply for a TWIC. Indicate at enrollment center that you will need to begin the waiver/appeal process. - The success rate for the waiver/appeal process has been very high.
<p>My TWIC will expire 5 years after I activate it. Therefore, I can wait until the last minute to pick up my card to extend its life.</p>	<ul style="list-style-type: none"> - The 5 years your card is good for begins once your card is printed. Therefore, it is in your best interest to pick up the card and activate it as soon as you are notified that it is ready.
<p>Due to the escorting provision, I do not need a TWIC and will just be escorted whenever I need access to secure areas.</p>	<ul style="list-style-type: none"> - Facilities and vessels are not required to have escorts. - You must check with facility or vessel owners and operators to see if you need a TWIC to gain access to secure areas and what their escorting provisions will be.

Use of the Waiver/Appeal Process

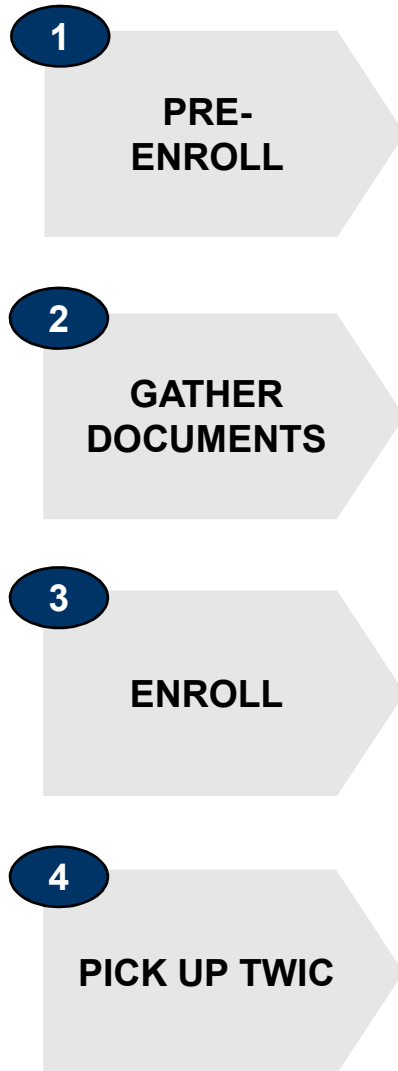

- Those needing the appeal/waiver process:
 - Don't wait and take advantage of the fair waivers/appeals process. Recommended to start the enrollment process AT LEAST 60 days prior to compliance.
 - If you receive a letter from TSA identifying that additional information is required, please provide it as soon as possible.
 - Those who have utilized the process have had a high success rate in obtaining a TWIC.
 - Below are statistics as of 9-05-2008

Number of Waivers Requested	Number of Waivers Granted
809	572

Number of Appeals Requested	Number of Appeals Granted
6,910	4,622
