### The big picture

The commitment and benefits of the North Carolina Ports extend far beyond the business community. Beyond the transportation industry and beyond the eastern region of our state, listen to these North Carolinians from across the state share their perspectives on the true economic value of our ports.

**John Stuyckx**  
SMT – Supply Chain, Gloque Tire & Rubber Company  
Wendell, NC

Headquartered in NC, North Carolina's ports and infrastructure really are a game-changer.

Watch John's perspective here >

**Dave Haines**  
Logistics and Distribution, Western Food Packaging  
High Point, NC

Many people don't think about the role of West Coast ports as important to the life of North Carolina Ports and what they do for the state.

Watch Dave's perspective here >

**David Conklin**  
President and CEO, Old Dominion Freight Line  
Greensboro, NC

David Conklin's success and growth of the number of ports that self-stowage, we can have impact across the entire state.

Watch David's perspective here >

**Gary Blittington**  
Director of Logistics, Furniture Brands International  
Lenoir, NC

The Port of Blittington provides a gateway to markets overseas that we can't get our hands on here and the fact is that we can't get our hands on here and the fact is that we can't get our hands on here.
