PORT SECURITY SEMINAR & EXPO

July 13-17, 2020

AAPA's Fleet Premier Sponsor

GREAT LAKES
DREDGE & DOCK
COMPANY, LLC

Monday, July 13 • On-Demand Presentations (approximately 30 minutes each)

COVID-19 Pandemic

The global pandemic is causing unprecedented challenges in keeping supply chains open, safe, and secure. Despite remarkable resilience, maritime transportation has been affected because of challenges with close-quarter vessels, ship-to-shore logistics, exploitative threat actors, and more. We will hear from experts in the fields of critical infrastructure and transportation safety, public health, and cybersecurity.

On-Demand Session Topics:

Mariner and Ship Safety during the Pandemic

Speaker: Captain Bradley Clare, United States Coast Guard

The Latest on the Ports' Most Important Safety Grant & Modernizing it for Cyber

Speaker: Duane Davis, FEMA Port Security Grant Program

Maritime's Critical Place in the Global Economy: Understanding Systemic Cyber Risks to Ports and How DHS, DOT, DOD are Addressing the Risk

Speaker: Norma Krayem, Vice President, Chair, Cybersecurity, Privacy & Digital Innovation Practice Group, Van Scoyoc Associates

Impact of COVID-19 on Port Security and Operations: Contact Tracing, Technology Automation, Community Engagement and Beyond

Speaker: Michael Cardarelli, Director, Transportation Practice, Everbridge

Live Sessions

(all times listed are EDT)

10:00 – 10:30 a.m.

Exhibitor Coffee Break

4:00 – 5:00 p.m.

Live Discussion/Q&A with the Speakers

- Captain Bradley Clare, United States Coast Guard
- Duane Davis, FEMA Port Security Grant Program
- Norma Krayem, Van Scoyoc Associates
- Michael Cardarelli, Everbridge

July 13 - 17, 2020

Tuesday, July 14 • On-Demand Presentations (approximately 30 minutes each)

Cyber Apprenticeship Training

Cybersecurity is everyone's responsibility. This course is to provide a high-level overview of Cybersecurity for any person who would like to have a profession in Cybersecurity and/or needs to understand Cybersecurity for their organization.

Who should attend:

- People who are new to information security
- People who are already in the Cybersecurity Profession
- Those who feel bombarded with complex technical security terms they want to understand
- Those who have decided to make a career change to take advantage of the job opportunities in information security and need formal training/certification.
- Those who need to be conversant in basic security concepts, principles, and terms

On-Demand Session Topics:

What is Cybersecurity and Why is Cybersecurity So Important? Who are the Cyber Actors?

Speaker: Michael D. Mann, Cybersecurity and Networking Program Head, Thomas Nelson, The Peninsula's Community College (TNCC)

What is Cybersecurity in the Maritime Industry and how does it align with the new Cyber Navigation and Vessel Inspection Circular (NVIC) – 01-20?

Speaker: LCDR Kelly Edwards, United States Coast Guard Office of Port & Facility Compliance (CG-FAC-1)

Basic Cyber Terminology in the Maritime Domain

Speakers: Michael D. Mann, Cybersecurity and Networking Program Head, Thomas Nelson, The Peninsula's Community College (TNCC)

Chris Hunt, Port of Grays Harbor, IT Manager

Robert Renzulli, San Diego Unified Port District, Chief Information Security Officer (CISO)

Live Sessions

(all times listed are EDT)

4:00 – 5:00 p.m.

Live Discussion/Q&A with the Speakers

- Michael D. Mann, Thomas Nelson, The Peninsula's Community College (TNCC)
- Chris Hunt, Port of Grays Harbor
- Robert Renzulli, San Diego Unified Port District
- CDR Brandon Link, U.S. Coast Guard CG-FAC and other Coast Guard Cyber Program Leads such as CG-ENG and CVC for Vessels, CGCYBER

Friday, July 17 • On-Demand Presentations (approximately 30 minutes each)

Emerging Threats & Regulations

For all the challenges of a global pandemic, it is a great time for industry security leaders to imagine the unimaginable; expect the unexpected; prepare for the impossible. Today's emerging threats and technology programming is a chance to learn from the deepest experts and most 'creative' threat analysts in order think about what it really means to have a mindset of 'security' in actual and potential terms.

On-Demand Session Topics:

What Coast Guard Cyber Compliance Looks Like

Speaker: Captain David Nichols, USCG (ret.), Director, Business Development, ABS Group

Cutting-Edge Cyber Defenses

Speaker: Itai Sela, Naval Dome

Changing Paradigms about how to Detect and Deter Human Trafficking

Speaker: Mar Brettman, PhD, Executive Director, Businesses Ending Slavery & Trafficking (BEST)

Live Sessions

(all times listed are EDT)

12:00 – 1:00 p.m.

Lunch Bunches/Next Steps for IRPC Maritime Cybersecurity Certification

4:00 – 5:00 p.m.

Live Discussion/Q&A with the Speakers

- Captain David Nichols, USCG (ret.), ABS Group
- Itai Sela, Naval Dome
- Mar Brettman, PhD, Businesses Ending Slavery & Trafficking (BEST)
