To begin, go to the AAPA website at www.aapa-ports.org and click the Login button in the top navigation bar

Enter your Username and Password; if you have forgotten either, use the Forgot my password or Forgot my username links

The screenshot shows the AAPA website's login interface. At the top is a dark blue navigation bar with links: "About AAPA", "AAPA Membership", "AAPA Events", "En Español", and "Login". Below this is the AAPA logo and the text "American Association of Port Authorities" and "Alliance of the Ports of Canada, the Caribbean, Latin America and the United States". A teal banner contains three mission statements: "UNIFYING PORTS OF THE HEMISPHERE", "EMPOWERING PORT PROFESSIONALS", and "ADVOCATING FOR U.S. PORTS". The login form is centered and includes a "Username" field, a "Password" field, a "Remember me" checkbox, a red "Sign In" button, and a link "Forgot my password or my username". Blue circles and arrows highlight the "Username" and "Password" fields, the "Sign In" button, and the "Forgot my password or my username" link. To the right, a "From Our Sponsors" section features an advertisement for "M.S. in Port and Terminal Management" with details: "100% online", "Affordable tuition", and "As few as 14 months". At the bottom, a search bar is present with the text "Please use the search below to identify if you have an existing record in our database."

Mr. Todd Stockberger, Vice President, Port & Maritime Group

CH2M's Ports and Maritime Group provides our clients with outstanding value-added engineering services and has developed trusted relationships around the globe. Planning and engineering design for container, general cargo, bulk and cruise terminals are included in our portfolio of services. The acquisition of Halcrow in late 2011 has brought together two leading waterfront engineering firms, bringing approximately 400 port professionals and a strong portfolio of capabilities to our clients around the globe. CH2M HILL is a full-service, multi-disciplinary engineering and program management firm with headquarters in Denver, Colorado, and about 250 offices in more than 150 countries on all seven continents. Our design professionals represent a wide range of disciplines, including waterfront structural engineering, dive inspections, civil engineering, architecture, master planning, asset management, design-build, and environmental permitting for port facilities. For more than 60 years, CH2M HILL's in-house experts in port engineering, waterfront asset management, computer simulation, environmental planning and remediation, security, coastal and marine engineering, construction management, and many other technical fields have delivered valuable design solutions and services for clients worldwide.

CIBC World Markets Corp

The company's address and website are listed on the company record main page

The screenshot displays the AAPA website interface. At the top, a navigation bar includes links for 'About AAPA', 'My AAPA Membership', 'AAPA Events', 'En Español', and 'Log Out'. The main header features the AAPA logo and the text 'American Association of Port Authorities' with a subtitle 'Alliance of the Ports of Canada, the Caribbean, Latin America and the United States'. Below this, three teal banners read 'UNIFYING PORTS OF THE HEMISPHERE', 'EMPOWERING PORT PROFESSIONALS', and 'ADVOCATING FOR U.S. PORTS'.

The main content area shows a member profile for 'CH2M'. On the left, a 'Preferred Mailing' section is circled in blue, containing the address: 3001 PGA Blvd., Palm Beach Gardens, FL 33410, and the phone number (561) 515-6500. Below this, it shows 'Paid through 6/30/2018'. The central 'Membership' section is also circled in blue, showing 'iMIS Id 1447', 'Member Type SUST-Sustaining Cmpy', 'Paid Through 6/30/2018', 'Renewed 7/17/2017', and 'Website www.ch2m.com'. The 'Addresses' section below it has a tab for 'Delivery/Alternate' and a plus sign to add more addresses. On the right, a 'From Our Sponsors' section features an advertisement for 'M.S. in Port and Terminal Management' with the text '100% online', 'Affordable tuition', and 'As few as 14 months'.

The address and website can be updated using the Edit (pencil) buttons in the appropriate parts of the company record page

The screenshot shows the CH2M company record page. On the left, there is a 'Preferred Mailing' section with a camera icon and a 'Paid through' section with a 'Renew Now' button. The main content area has tabs for 'About' and 'Print Directory Information'. Below these are sections for 'Membership', 'Addresses', and 'Full Organization Roster'. The 'Membership' section shows details like IMIS Id, Member Type, Website, Paid Through, and Renewed. The 'Addresses' section shows a list of addresses with checkboxes for preferred status. The 'Full Organization Roster' section shows a list of contacts. Two blue circles with arrows highlight the edit (pencil) buttons: one in the top right corner of the page and another in the bottom right corner of the 'Addresses' section.

 CH2M's Ports and Maritime Group provides our clients with outstanding value-added engineering services and has developed trusted relationships around the globe. Planning and engineering design for container, general cargo, bulk and cruise terminals are included in our portfolio of services. The acquisition of Halcrow in late 2011 has brought together two leading waterfront engineering firms, bringing approximately 400 port professionals and a strong portfolio of capabilities to our clients around the globe. CH2M HILL is a full-service, multi-disciplinary engineering and program management firm with headquarters in Denver, Colorado, and about 250 offices in more than 150 countries on all seven continents. Our design professionals represent a wide range of disciplines, including waterfront structural engineering, dive inspections, civil engineering, architecture, master planning, asset management, design-build, and environmental permitting for port facilities. For more than 60 years, CH2M HILL's in-house experts in port engineering, waterfront asset management, computer simulation, environmental planning and remediation, security, coastal and marine engineering, construction management, and many other technical fields have delivered valuable design solutions and services for clients worldwide.

Port of Stockton
CALIFORNIA

Strategically located 75 nautical miles from San Francisco Bay, this 35-foot deep-water omni-use port accommodates diverse cargoes.

Benefit from a productive labor force, 24/7 open gates, FTZ #231 and the proximity to Interstate 5 plus highways 99 and 4. Served by BNSF and UPS, the port offers direct cargo transfer to/from rails, vessels, trucks and barges. Our large warehouses, distribution centers and open spaces are available for staging, development and leasing.

The port has two 140-ton mobile harbor cranes and reinforced docks to facilitate heavy-lift and project cargoes.

We are your advantage.
