

FUNDING DREDGED MATERIAL MANAGEMENT STUDIES

DMMP POLICY

- Section II –Navigation-Appendix E -ER
1105-2-100
- Goal – 20 years of disposal capacity
- Preliminary Assessment – Management
Plan if needed
- O&M funded

DMMP POLICY (Continued)

- Priority to immediate needs - < 10 years of capacity
- Goal – 20 years of disposal capacity
- Consider non-Federal dredging
- Consider beneficial use
- Collaborative process – port authority, resource agencies, public

DMMP POLICY (Continued)

- Base Plan navigation cost sharing
- Beneficial use increments – Cost shared for environmental & storm damage reduction
- O&M funding focused on Base Plan

FUNDING

- Operation & Maintenance of Federal Projects
- Specifically Authorized Study -GI
- Research Demonstration Projects
- Study Under Section 204 of WRDA 1992 as amended in Section 2037 of WRDA 2007
- Non-Federal funding

DMMP ISSUES

- Lack of adequate funding
- O&M Funding does not match well with comprehensive system based efforts or regional sediment management
- DMMP funding competes directly with O&M dredging funding
