

# AAPA Conference 2014

The Challenge of Managing Cybersecurity

Joseph Sokoly  
Vulnerability Engineer  
MAD Security

# Cybersecurity Technology

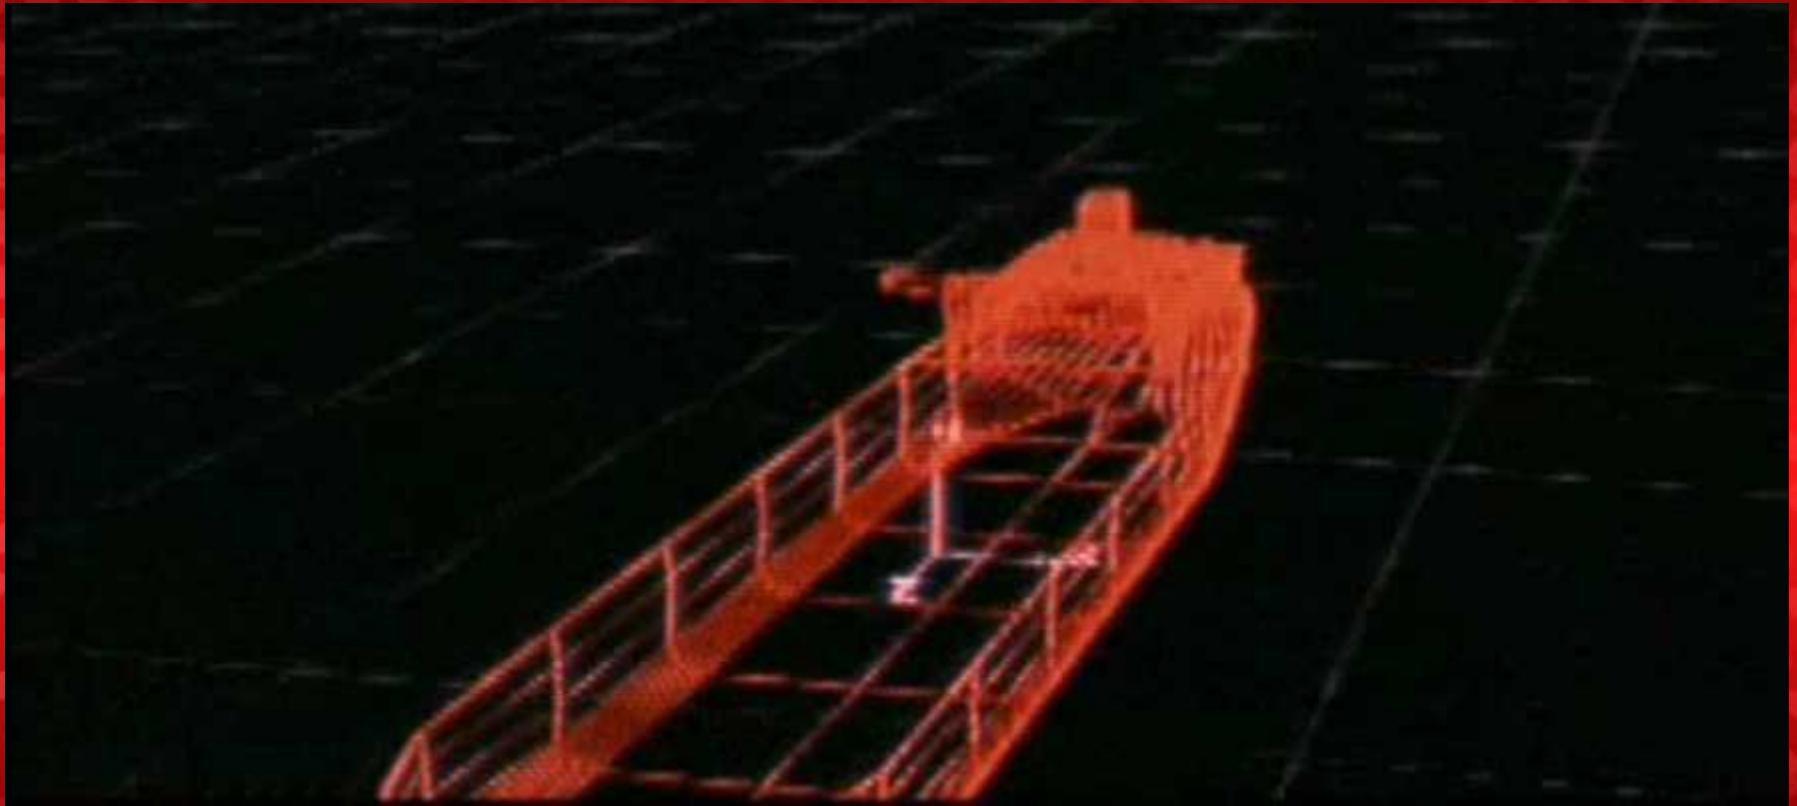

- Needs to keep the business in mind
- Needs to be used
- Needs to hit “the basics”
- There is no magic wand

# Risk Factors

# Risk Factors

# Risk Factors

- Possible targets
  - RFID
  - Tracking systems
  - Databases
  - Communications

# Threat Actors

- Cyber-crime
- Nation-states
- Hacktivists
- Insider Threats
