In addition, since 2012, he has been recognized by Chambers USA for policyholder insurance dispute resolution in New York and has been described as "a tenacious litigator and a real gentleman" and "reasonable, confident and as adept at taking a hard line as he is at finding workable compromises." Legal 500 USA also recognized Finley for insurance advice to policyholders and has described him as being a "leading practitioner in the field of insurance and reinsurance for natural disasters."

COMMERCIAL PROPERTY POLICIES

➢ Property policies provide coverage for a variety of PD and BI risks.

➢ General rule: there must be property damage somewhere to trigger coverage.

➢ Insurers will argue that the mere presence of Covid-19 is not enough to constitute PD – need a physical alteration of insured property.

➢ This will be a key issue for courts to address.

➢ Different courts can reach different decisions.
PROPERTY DAMAGE AND BUSINESS INTERRUPTION

➢ PD: costs to repair/replace where PD results from a covered cause of loss
  • Decontamination / communicable disease cleanup costs where insured premises infected

➢ BI: lost profits stemming from covered PD
  • During the period needed to repair or replace the damage
EXTENDED BUSINESS INTERRUPTION

➢ BI coverage for the period needed to restore a policyholder to its pre-loss level of business

➢ Capped at a period of days (e.g. 365)

➢ Important for PD losses which can be quickly remedied

➢ Important question: is this coverage limited to BI losses or to other time element losses as well?
CIVIL AUTHORITY

➢ PD need not always occur at insured premises.

➢ Civil Authority: lost profits stemming from action/order of a civil authority that prohibits, prevents or impairs access to your business.

• Covered PD typically required within some geographical proximity to the insured premises (e.g., five miles).
  ○ But not always – ISO form
CONTINGENT BUSINESS INTERRUPTION

➢ Contingent BI: covers lost profits stemming from covered PD at upstream supplier or downstream distributor or customer.

➢ Often coverage applies to multiple tiers of suppliers and customers.
  • “Supplier” could be interpreted broadly. See Archer - Daniels Midland Co. v. Phoenix Assurance Co, 936 F.Supp. 534 (S.D. Ill. 1996) (a food processor was entitled to CBI coverage because of PD sustained by the Army Corps of Engineers, which operated the flooded Mississippi River boat channels, and farmers who lost crops that would have indirectly been sold to the plaintiff)

➢ CBI may extend to PD at “leader” or “attraction” properties.
  • E.g., hotel nearby large amusement park

➢ May include civil authority and extended BI coverage.
COMMUNICABLE DISEASE COVERAGE

“If a described location owned, leased or rented by the Insured has the actual not suspected presence of communicable disease and access to such described location is limited, restricted or prohibited by:

a) An order of an authorized governmental agency regulating such presence of communicable disease; or

b) A decision of an Officer of the Insured as a result of such presence of communicable disease,

This Policy covers the Business Interruption Coverage loss incurred by the Insured during the Period of Liability at such described location with such presence of communicable disease”*

* Emphasis supplied
POTENTIAL COVERAGE ISSUES

➢ Has there been “direct physical loss or damage”?  

➢ Do exclusions bar coverage?  
  • Virus  
  • Communicable Disease  
  • Pollution  
  • Contamination

➢ Are there sublimits?

➢ What is the “actual loss sustained”?

➢ It is enough at first to give general notice without a lot of detail.
➢ Follow up notices
RESPONDING TO INSURER REQUESTS FOR INFORMATION

➢ Provide all available information.
➢ Do not be constrained by the way the requests are worded.
  • Present the information in a way that supports your claim.
➢ In addition to what is requested, provide any additional facts which support your claim.
HOW TO GET ATTENTION FOR YOUR CLAIM AMONG THOUSANDS

➢ Request prompt attention to your claim.

➢ Include any loan default deadlines or other urgent deadlines you are facing.
➢ Put everything that does and does not happen in the claim investigation/adjustment in writing to the insurer.
DEALING WITH RESERVATION OF RIGHTS LETTERS

➢ You are entitled to an explanation, not just a reference to policy provisions.
➢ Seek expert advice.
DEALING WITH DENIALS OF COVERAGE

➢ Strategic considerations:
  • Try to negotiate?
  • File suit?
  • Wait to see how the law develops for other similar claims?
PROOF OF LOSS DEADLINE

➢ Policies often require sworn proofs of loss within a specified period of time.
➢ Time period starts to run when the loss commences—not when it ends.
➢ Get extensions in writing.
HOW TO CALCULATE A BUSINESS INTERRUPTION LOSS
