The Future of Shipping & How to Prepare Your Port: A Facilitated Discussion

John Martin, Ph.D,
President, Martin Associates, Lancaster PA

Kevin McKelvie,
Partner, KM Strategic Advisors, Laguna Niguel, CA

Sebastian Degens,
Planning & Development Manager, Port of Portland
Discussion Topics

- Future Economic Growth is Slowing
- Global Sourcing Patterns are Shifting
- Optimization of Supply Chain Networks & Flow Strategies
- Ocean Carrier Initiatives run counter to Nimble Supply Chains
- Sustainability pressures & increasing fuel costs shift transportation dynamics, create cargo opportunities
- Infrastructure bottlenecks will resurface, but public investment has been lagging
