AAPA Conference 2014
The Challenge of Managing Cybersecurity

Joseph Sokoly
Vulnerability Engineer
MAD Security
Cybersecurity Technology

• Needs to keep the business in mind
• Needs to be used
• Needs to hit “the basics”
• There is no magic wand
Risk Factors
Risk Factors

• Possible targets
• RFID
• Tracking systems
• Databases
• Communications
Threat Actors

- Cyber-crime
- Nation-states
- Hacktivists
- Insider Threats
